About Balm Balm

The Balm Balm range is a unique collection of totally pure, super-effective waterless Skincare Balms created by hand to exacting Soil Association standards.

Why Balms?

Face Balms

Some people find using a Balm instead of a Cream odd at first and worry that it may be too oily for their skin. This is simply not the case. Use only a little to begin with and as you get used to it you will be more confident in its ability to be totally absorM no8 your skin, leaving it plumped-up and fresh looking. Try applying your Balm to damp skin.

All Over Balms

A kaleidoscope of aroma-therapeutic blends, each one containing a gorgeous combination of Essential Oils infused into our marvellous Balm formulation or Carrier Oil.

Fragrance Free Baby Balm

For all your baby's needs including cradle cap, sores, dribble patches and bottoms!
